

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

This policy addresses the care of department-owned property and the role of the Department when personal property, the property of another person or department-owned property is damaged or lost.

700.2 POLICY

Members of the Falls Church Police Department shall properly care for department property assigned or entrusted to them. Department-owned property that becomes damaged shall be promptly replaced. Members' personal property that becomes damaged during the performance of assigned duties will be reimbursed in accordance with this policy.

700.3 DEPARTMENT-ISSUED PROPERTY

All property and equipment issued by the Department shall be documented in the appropriate property sheet or equipment log. Receipt of issued items shall be acknowledged by the receiving member's signature. Upon separation from the Department, all issued property and equipment shall be returned. Documentation of the return shall be acknowledged by the signature of a supervisor.

700.3.1 CARE OF PROPERTY

Members shall be responsible for the safekeeping, serviceable condition, proper care, proper use and replacement of department property that has been assigned or entrusted to them.

Intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to, the cost of repair or replacement.

- (a) Members shall promptly report, through their chain of command, any loss, damage to, or unserviceable condition of any department-issued property or equipment.
 - 1. A supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.
 - 2. A review by command staff should determine whether additional action is appropriate.
- (b) The use of damaged or unserviceable property should be discontinued as soon as practicable, and the item replaced with a comparable item as soon as available and following notice to a supervisor.
- (c) Except when otherwise directed by competent authority or otherwise reasonable by circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

- (d) Department property shall not be thrown away, sold, traded, donated, destroyed or otherwise disposed of without proper authority.
- (e) A supervisor's approval is required before any attempt to repair damaged or unserviceable property is made by a member.

700.4 PERSONAL PROPERTY

Carrying and/or using personal property or equipment on-duty requires prior written approval by the Chief of Police or appropriate Division Commander. The member should submit a request that includes a description of the property and the reason and length of time it will be used. Personal property of the type routinely carried by persons who are not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair costly items (e.g., jewelry, expensive watches, electronic devices such as phones, laptops, or audio equipment) that are not reasonably required as part of work.

700.4.1 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage to, or loss of, personal property must be made on the proper form. This form is submitted to the member's immediate supervisor. The supervisor may require a separate written report.

The supervisor receiving such a report shall investigate and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

Upon review by command staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the City department responsible for issuing payments.

700.5 DAMAGE TO PROPERTY OF ANOTHER PERSON

Anyone who intentionally or unintentionally damages or causes to be damaged the real or personal property of another person while performing any law enforcement function shall promptly report the damage through his/her chain of command.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

A review of the incident by command staff to determine whether misconduct or negligence was involved should be completed.

700.5.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY

Personnel from another agency may intentionally or unintentionally cause damage to the real or personal property of the City of Falls Church or of another person while performing their duties

- (b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Communication Devices (CDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets, laptops, smart watches, and similar wireless two-way communications and/or portable internet access devices. CD use includes but is not limited to placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games, and accessing sites or services on the internet.

701.2 POLICY

The Falls Church Police Department allows members to utilize department-issued CDs and to possess personally owned CDs in the workplace, subject to certain limitations. Any CD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a CD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned CD either on-duty or after duty hours for business-related purposes may subject the member and the member's CD records to civil or criminal discovery or disclosure under the Virginia Freedom of Information Act.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any CD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use General Order for additional guidance).

701.4 DEPARTMENT-ISSUED CD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue a CD for the member's use to facilitate on-duty performance. Department-issued CDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

701.5 PERSONALLY OWNED CD

Members may carry a personally owned CD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned CD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned CD.
- (c) The personally owned CD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The use of a personally owned CD may subject the officer to a reduced expectation of privacy if used to collect evidence-related data.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee. This policy does not preclude the use of a personally owned device in routine work-related communications, or under exigent circumstances.
- (f) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned CD should be transferred to the Falls Church Police Department and deleted from the member's CD as soon as reasonably practicable but no later than the end of the member's shift.

701.6 USE OF CD

The following protocols shall apply to all CDs that are carried while on-duty or used to conduct department business:

- (a) A CD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All CDs in the workplace should be set to silent or vibrate mode.
- (c) A CD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of CDs to authorized break times, unless an emergency exists.
- (d) Members may use a CD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. CDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

- (f) Members will not access social networking sites for any purpose that is not official department business.
- (g) Using CDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of CDs consistent with this policy.
- (b) Monitoring, to the extent practicable, CD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a CD.
 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 2. Before conducting any administrative search or seizure of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 OFFICIAL USE

Members are reminded that CDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing CDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.9 USE WHILE DRIVING

The use of a CD while driving can adversely affect safety, cause unnecessary distractions, and present a negative image to the public. While state law permits the use of a CD by an officer while engaged in the performance of their official duties, officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the CD (Va. Code §).46.2-818.2.

Documents describing the correction of the safety issue shall be promptly filed with the vehicle history.

702.4.1 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

702.4.2 SEVERE USE

Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer's parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.4.3 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair.

702.5.1 PATROL VEHICLES

Patrol vehicles must be clearly marked, have a functioning siren and emergency lights and have a communications system enabling communication with other members of the Falls Church Police Department at all times.

Officers shall inspect the patrol vehicle at the beginning of the shift and ensure that the following equipment, at a minimum, is in the vehicle:

- Emergency road flares
- Crime scene barricade tape
- First-aid kit and CPR mask
- Fire extinguisher
- Any other items as required by the department

702.5.2 UNMARKED VEHICLES

Members driving unmarked department vehicles shall ensure that needed equipment, including siren, emergency lights, communications system, and other equipment as determined by the department, is in the vehicle and in operational order.

702.6 VEHICLE REFUELING

Absent emergency conditions or supervisor approval, patrol vehicles shall not be placed into service with less than one-quarter tank of fuel. Patrol vehicles should not be retired at the end of shift with less than one-quarter tank of fuel. Vehicles shall only be refueled at the authorized location.

702.7 WASHING OF VEHICLES

Vehicles shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to maintain the professional appearance of the Department.

Patrol officers should notify the emergency communications technician before going to the car wash. Only one patrol vehicle should be at the car wash at a time unless otherwise approved by a supervisor.

Members using a vehicle shall remove any trash or debris at the end of their shifts. Confidential material should be placed in a designated receptacle that has been provided for shredding this material.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Falls Church to provide assigned take-home vehicles.

703.2 POLICY

The Falls Church Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

The Watch Commander shall ensure a copy of the daily staff activity report (DSAR), indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established procedure. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the DSAR.

703.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle at the beginning (or as soon as discovered during a shift) and at the conclusion of their shift, as well as any vehicle usage described above. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

General Orders Manual

General Orders Manual

Vehicle Use

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 MOBILE DIGITAL TERMINAL

Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty, and shall log off properly when going off-duty. If the vehicle is not equipped with a working MDT, the member shall notify their supervisor, and the Emergency Communications Center. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

703.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that system is not functioning properly at any time during the shift he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Division Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

703.3.7 KEYS

703.3.8 AUTHORIZED PASSENGERS

Members operating marked patrol vehicles shall not permit persons other than City personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Alongs Policy.

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

703.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

703.4.2 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a Command Staff member and shall meet the following criteria:

- (a) The circumstances are unplanned and were created by the needs of the Department.
- (b) Other reasonable transportation options are not available.
- (c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Falls Church City limits.

703.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the City of Falls Church is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Falls Church may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Division Commander gives authorization.
- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:

 2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or travelling to or from a work-related activity or function.
 3. When the member has received permission from the Chief of Police or Division Commanders.
 4. When the vehicle is being used by the Chief of Police, Division Commanders or members who are in on-call administrative positions.
 5. When the vehicle is being used by on-call investigators.
- (d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.
- (e) The two-way communications radio must be on and set to an audible volume when the vehicle is in operation.
- (f) Unattended vehicles are to be locked and secured at all times.

- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be secured in a lockable vault in the vehicle, or in the residence (see the Firearms Policy regarding safe storage of firearms at home).
- (h) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department, when a member will be away (e.g., on vacation) for periods exceeding one week.

 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.

703.4.4 ENFORCEMENT ACTIONS

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed and appropriately attired and shall carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

703.4.5 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

- (f) Supervisors shall make periodic inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

703.5 UNMARKED VEHICLES

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor.

703.6 DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic accident or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic accident report shall be filed with the agency having jurisdiction (see the Traffic Accidents Policy).

Damage to any department vehicle that was not caused by a traffic accident shall be immediately reported during the shift in which the damage was discovered and documented in an incident report, which shall be forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

703.7 TOLL ROAD USAGE

Members operating department vehicles for any reason other than those exempted by law shall pay the appropriate toll charge or utilize the appropriate toll way transponder (Va. Code § 33.2-500 et seq.).

Law enforcement vehicles are exempt from incurring toll lane charges when (Va. Code § 33.2-500 et seq.):

- (a) Responding to an emergency incident.
- (b) Patrolling high-occupancy toll (HOT) lanes pursuant to an agreement by a state agency and the HOT lane operator.
- (c) Engaged in a time-sensitive investigation, active surveillance or actual pursuit of persons who are known or suspected to be engaged in, or who have knowledge of, criminal activity.

703.8 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Fiscal Management

704.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle fiscal matters appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property Room and Informants policies.

704.2 POLICY

It is the policy of the Falls Church Police Department to properly manage and audit fiscal operations including budget preparation, cash transactions, fund expenditures and disposition of assets, and to maintain accurate records of fiscal transactions in order to protect the integrity of department operations and ensure the public trust.

704.3 FISCAL MANAGEMENT

The Chief of Police shall designate a person as the fiscal manager responsible for maintaining and managing fiscal operations.

Each member overseeing a fiscal responsibility is required to create and maintain an accurate and current transaction ledger that is approved by the fiscal manager and that documents all transactions relating to the specific fund or fiscal responsibility.

The Department's accounting system should detail all fiscal operations. The fiscal manager should review all account activities on a monthly basis. The accounting system should provide a continuous and accurate update of the following:

- (a) Initial appropriations for each account program.

- (c) Documentation of all expenditures and encumbrances.
- (d) A statement of the account's unencumbered balance.

704.4 FISCAL TRANSACTIONS

Each member overseeing a fiscal responsibility shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice, cash transfer form or expense report.

704.5 ROUTINE CASH HANDLING

Members who handle cash as part of their regular duties (e.g., evidence custodians, the Criminal Investigation Section supervisor, those who accept payment for department services) will discharge those duties in accordance with the procedures established for those tasks (see the Property Room and Informants policies).

704.6 OTHER CASH HANDLING

Members who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property Room Policy.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

704.7 AUDITS

Each Division Commander shall monitor fiscal activities and the budget related to his/her area of responsibility using a procedure and forms approved by the fiscal manager. Internal control procedures shall be established and shall include evaluation of staff member's fiscal management functions. Any discrepancies shall be immediately reported to the fiscal manager and the Chief of Police.

The fiscal manager shall ensure that an annual independent audit is conducted of the accounts and finances of the Department. All department funds shall be open for inspection and audit by auditors at any time. Members of the Department shall cooperate fully and provide assistance in support of any audit.

A separate audit of each fund or other fiscal area of responsibility should be completed on a random date, approximately once each year, by the Chief of Police or the City.

Audits shall include a review of procedures in place to manage the funds.

704.7.1 PETTY CASH AUDITS

Each member overseeing a petty cash fund shall perform an audit no less than once every four months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police or the fiscal manager, review the transaction ledger and verify the accuracy of the accounting. The member overseeing the petty cash fund and the participating member shall sign or otherwise validate the ledger, attesting to the accuracy of all documentation

and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the fiscal manager and the Chief of Police.

Transference of fund management to another member shall require completion of a separate petty cash audit and involve a command staff member.

704.8 INVENTORY CONTROL OF PROPERTY, EQUIPMENT AND OTHER ASSETS

Members overseeing a fiscal responsibility for the acquisition, management or distribution of any capital or major items of equipment; the issue of any equipment and supplies; or the assignment of control numbers and proper markings are responsible for compliance with inventory control procedures. Such members are also responsible for ensuring:

- (a) Required inventory verification is performed in compliance with a process authorized by the fiscal manager.

Personal Protective Equipment

705.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

705.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

705.2 POLICY

The Falls Church Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

705.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

705.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 29 CFR 1910.95 and 16 VAC 25-90-1910.

705.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in 29 CFR 1910.95 and 16 VAC 25-90-1910.

705.6 HEAD PROTECTION

Members who make arrests or control crowds should be provided head protection with a face shield.

705.7 RESPIRATORY PROTECTION

The designated Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (29 CFR 1910.134; 16 VAC 25-90-1910:

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.
- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

705.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; 16 VAC 25-90-1910):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.

- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

705.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134; 16 VAC 25-90-1910):

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

705.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; 16 VAC 25-90-1910).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.
- (d) The expiration date on the cartridges or canisters has been reached.

705.7.4 RESPIRATOR FIT TESTING

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134; 16 VAC 25-90-1910).

After initial testing, fit testing for respiratory PPE shall be repeated (29 CFR 1910.134; 16 VAC 25-90-1910):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

705.7.5 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE

No member shall be issued respiratory protection that forms a complete seal around the face until (29 CFR 1910.134; 16 VAC 25-90-1910):

- (a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
- (b) A physician or other licensed health care professional has reviewed the questionnaire.
- (c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

705.8 RECORDS

The Training Coordinator is responsible for maintaining records of all:

- (a) PPE training.
- (b) Initial fit testing for respiratory protection equipment.
- (c) Annual fit testing.
- (d) Respirator medical evaluation questionnaires and any subsequent physical examination results.

1. These records shall be maintained in a separate confidential medical file.

The records shall be maintained in accordance with the established records retention schedule (29 CFR 1910.1020; 16 VAC 25-90-1910).

705.9 TRAINING

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (29 CFR 1910.132; 16 VAC 25-90-1910).
