This application is for a permit to operate a commercial, seasonal pool in the City of Falls Church. The permit will certify the pool is in compliance with the Virginia Uniform Statewide Building Code (VUSBC). It will be valid for the 2022 pool season. To obtain this permit you must have:

- Obtained a permit for the electrical inspection of the pool.
- Had a Virginia-licensed master electrician inspect the pool under this permit. The electrician must complete the City-supplied checklist provided with the electrical permit.
- Passed inspection with the City for the electrical permit.

This pool-operating permit will certify the pool complies with the VUSBC. In addition, to operate the pool you must also:

- Contact the City Fire Marshal's office at 703-248-5058 (TTY 711) and schedule an inspection for hazardous materials storage.
- Apply for a permit with Fairfax Health.

The pool may only operate when it is in compliance with all three agencies.

**Check Policy** - The City of Falls Church accepts checks as a form of payment. However, should your check be returned to us for any reason, it is our policy to electronically debit your account for the amount of the check plus a processing fee of \$50.00.

I hereby certify the proposed work is authorized by the property owner and I have been authorized by all involved parties to make this application. We agree to conform to all applicable laws, codes, and ordinances of the City of Falls Church.
